

HONOR ROLL

THANK YOU to the many alumni, faculty, staff, and friends who made a gift, pledge, or pledge payment from July 1, 2017 through June 30, 2018. Your continued support of our students and programs is invaluable.

Alumni donors are listed by class year with their donor partners, if applicable. Donor partners who graduated in different years are listed separately under their respective class years. Non-alumni donors are listed as friends.

Every parent wants the best for their child, and when my program at the law school is completed I will be the first person ever in my family to earn a degree of this level. This accomplishment is not just something I want for myself, but I hope it also gives my son Dean a reason to be proud of his father's hard work.

I was very concerned with how I was going to make my legal education a reality, and one of the biggest reasons on why I chose to attend Michigan State was the commitment to working with students and families. From the brand new apartment building that my son and I live in, to the fantastic support of the law school being there with resource after resource for people in my situation, this scholarship is just another reason confirming that I made the right choice in coming here. I am very honored to be the chosen recipient of the scholarship.

*Equality is what I have advocated for in my personal life
and something I hope to strive for in my continued education.*

*I want a legal career for myself, but also to protect and
represent individuals that have experienced discrimination.*

*This scholarship not only aided my financial stability but
also proved that there are people around me willing to support
me as a person. I truly want to thank you for providing me an
opportunity to better my future and discover a career that
I'm passionate about.*

*A letter is not sufficient to explain the aid that you have
provided me financially, mentally, and spiritually with this
scholarship. You have reminded me that there are
people who not only want to see me succeed but
need me to succeed in order to create change for
minorities. Thank you for believing in me and thank you
for aiding me. Without you, I would currently not be
achieving a goal I have dreamt about for as long as I can
remember.*

I would like to thank you for your generous support of my legal education. For as long as I remember, I have had two goals in life: to play hockey at the highest level my talent would allow and to attend law school. I never thought I would be able to achieve both goals at once. If there was a pause button in life, I would hit it right now to freeze this unbelievable moment I am going through.

Your generous scholarship reminded me of another true objective that I have, and that is to help others. I will never forget that someone was so caring and generous to financially assist someone that they had not even met at the time the scholarship was established. It is my sincere hope that I can positively influence someone's life in the future during my practice of law. I will do my best to do you proud and also to remember to pay it forward to someone in the future.

I am truly honored to have received this award, and I am grateful for your support of my legal education. Moot Court has become one of my favorite experiences I've had at Michigan State University College of Law. I loved participating in first-year Moot Court through my Advocacy class during my 1L year, and I returned to MSU Law for my 2L year anxious to start the second-year competition class.

Being able to honor your daughter's memory by receiving the Eve August award at the culmination of that competition made an already great experience even better.

As a student interested in public interest law, participating in Moot Court has helped me become a better advocate. I hope to use those skills after graduation to help provide legal services for those who can't afford them. I look forward to the day when I can support other law students in the generous way that you and your family have supported me.
